

Bastion walk

SRM
29/9/10

A full-time outdoor recreation student at Eildon's Outdoor Education Group, Sil Philpott will lead a team of committed friends on a hike from the Ben Boyd National Park to Malla-coota's Bastion Point.

The hike will depart on October 25 and arrive five days and 80 kilometres later, reportedly all in the name of "saving Bastion Point".

Sil said the group would experience natural estuar-ies and a precious breath-taking coastline down to Bastion Point.

"Our purpose is to bring awareness to this environ-mental issue 'saving Bas-tion Point'."

The group is inviting res-idents of coastline commu-nities, their friends, clubs, committees and family to dress up and celebrate the Halloween weekend and support the cause with a barbecue and victory cheers in Mallacoota's main street on October 31.
