Have Your Say

Approval

Sir, - Re: Approval for Mollacoota boat ramp proposal.

To Planning minister, Justin Madden, the same man who recently received a vote of no confidence by members of the Victorian Government Upper House for "bullying and corrupt practices" has now approved the Mollacoota Boat Ramp proposal.

Madden created an inquiry panel to gather community input about the Mollacoota boat ramp proposal. The inquiry panel released findings that the proposal was not supported by the local community.

The panel suggested further dialogue should take place. Despite all of the history re this issue it is never too late to get all parties concerned to sit

down and talk about the issue and come up with a compromise.

So much for community consultation and democratic process! Minister Justin Madden has ignored the recommendations of the inquiry panel and the community. Madden has approved the proposal.

It is time for some serious investigative journalism into the planning department's decision making process and to uncover the truth of this matter.

Yours etc.,
Michelle Lay,
Mollacoota.
